Transform Your Life through Handwriting
Appendix A

Letters and the Qualities They Reflect

Below is an alphabetical listing of the intentional power of each letter. Use it as a reference when you’re deciding which quality you want to enhance in your life. The temptation is to adopt far too many letters at one time! For maximum benefit, limit yourself to no more than three letters for each 40-Day cycle. As you adopt certain letters and write them faithfully, as your life changes, other letters will change automatically as well. Enjoy the process ~ Miracles ahead!
